

ANNOUNCEMENT

**Terry Morley Joins Micronics Engineered Filtration Group as Regional Sales Manager
for Filter Press Products and Services for the Upper Midwest**

PORTSMOUTH, NH, USA - February 26, 2018 - The Micronics Engineered Filtration Group (Micronics Filtration Holdings, Inc.) announces that Terry Morley has joined the Company as Regional Sales Manager for the Upper Midwest Region. Terry will be responsible for regional sales of Micronics' Filter Press, Filter Cloth, Filter Plate, Press Parts & Accessories, and Service offerings to our valued customers in Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, North Dakota, South Dakota, as well as the Canadian Province of Manitoba.

Terry has spent the past 27 years in the liquid filtration industry including with JWI, USFilter, Siemens Water Technologies, Pacific Press Company, MW Watermark, and Menardi-Filtex. He has designed, started up, serviced, and optimized the operation of filter presses in a host of industrial end-markets and applications. Terry holds a Bachelor's degree from Central Michigan University located in Mt. Pleasant, Michigan.

Terry will report to Jason Wettstaedt, Vice President of Sales, North America, for the Micronics Engineered Filtration Group.

"Terry is a knowledgeable, hands-on expert in filter presses and related process equipment. He is ready to hit the ground running to help optimize customers' filter cake discharge, increase cloth life, and enhance overall filtration system efficiencies. We are very excited that Terry has joined the Micronics Engineered Filtration team," said Bernie Faulkner, President and CEO, Micronics Engineered Filtration Group.

Terry is a proud parent to three boys, now fine young men. When not working, Terry's free time is spent enjoying outdoor activities such as fishing for salmon on Lake Michigan, and grouse and deer hunting with his family.

About the Micronics Engineered Filtration Group

The Micronics Engineered Filtration Group (Micronics Filtration Holdings, Inc.) consists of leading wet and dry engineered filtration companies including [Micronics, Inc.](#), [Southern Filter Media, LLC.](#), [C.P. Environmental, LLC.](#), [United Process Control, Inc.](#), along with the [AeroPulse® brand of APC equipment](#). Micronics, Inc. is a worldwide expert in liquid/solid separation.

Incorporated in 1983 and founded by Barry Hibble, Micronics has been a portfolio company of Vance Street Capital, a Los Angeles-based private equity firm, since 2013. In late 2014, Micronics expanded into dry filtration and air pollution control products and services with the acquisition of Southern Filter Media (SFM). C.P. Environmental (CPE), United Process Control (UPC), and AeroPulse joined the Micronics Engineered Filtration Group in 2015.

The Micronics companies collectively serve customers' filtration needs in mining and mineral processing; energy, power generation; industrial; chemical manufacturing; pigments and dyes; food and beverage; steel and iron processing; aggregates, cement and asphalt; pharmaceutical; and water/wastewater treatment. The company's tagline underscores its breadth and capabilities: *Single Source for Filter Press and Air Pollution Control Needs*.

To learn more, visit us at Micronics' websites: [Micronics, Inc.](#), [Southern Filter Media](#), [C.P. Environmental](#), and [United Process Control](#). We are committed to our customers' success.
