

## Rayza-Back® Seam Strongest Belt Seams in the Industry

### Key Features and Benefits:

- Our exclusive Rayza Back® Belt Seam is over 30% stronger than other reinforced seams for long belt life.
- Our 316 Stainless Steel screen with the belt clips for additional strength and belt rigidity, without adding thickness
- Specifically designed to resist wrinkles and tracking issues for longer belt life
- Solid 1-piece design across width of belt, and easier installation over smaller hook seams
- Our Rayza-Back® Belt Seam is an innovative solution for Wastewater Treatment, and we will work with you to ensure compliance with increasingly stringent wastewater treatment requirements

### Repair Services

The Micronics team provides field belt installation and repair services. Our experts will install your new belt or repair your existing belt safely and on-time.

Through our family of trusted brands, the Micronics Engineered Filtration Group provides the industry's best Total Engineered Filtration Solutions, helping our customers maximize performance and lower cost-of-ownership. We manufacture our Filter Belts and Accessories to be superior in quality, design, and performance and with superior availability/ delivery. We also stock most standard sizes in belts and accessories for even faster delivery.
