

THE INDUSTRY'S BEST BAGHOUSE AND FABRIC FILTRATION TRAINING SEMINAR

COMING AUG. 24-27, 2026
NORTH AUGUSTA, SC, USA

Join Us and Learn How to Improve
the Performance and Reliability of
Your Dust Collector Systems!

MEETING THE NEEDS OF THE CEMENT, LIME, ASPHALT, STEEL, ALUMINUM, POWER GENERATION INDUSTRIES, AND MORE!

Read what 2025 Seminar Participants had to say:

- “The Cleanova Micronics team has a **wealth of knowledge** and experience that is genuinely impressive.”
- “Very well done, this was my second attendance. I'm going to suggest some of our customers attend next year.”
- “The **hands-on demonstrations** were certainly my favorite part.”
- “The visual and hands-on elements fostered a greater understanding and appreciation for the end use of the product.”

TRAINING INVESTMENT: \$950.00

This fee includes:

- ✓ Welcome Reception
- ✓ 20 hours of in-depth classroom training
- ✓ 7 hands-on breakout sessions
